Special information on product line

SO - SPECIAL ORDER: Typically 4–6 weeks. We have placed the **SO** prefix before model numbers that are special order items. Please note that lead times on special order items can vary greatly. This can be caused by factory issues, time of year or freight issues. We welcome special orders, we will always do our best to procure product in the quickest fashion possible and attempt to meet your expected due dates. However, we cannot be held responsible for extended lead times. Please contact your representative to get the most accurate information possible.

Colors shown throughout catalog are representation only. If exact color match is necessary, please request finish or upholstery sample before placing your order. List prices are effective as of January 6, 2015 and are subject to change.

Walden Collection

Walden brings old world elegance to the 21st century with a fresh, casual feel. Details are generous yet not overstated. Framed drawers and panels along with shapely crown and base moldings create visual interest as do intricate veneer details and reverse diamond matched veneer panels. Walden features a construction of cherry veneers, hardwood solids and wood product with a handsome Cocoa Cherry finish. Antique brass finished knobs accented with rosette back plates complete the look.

Some see a wall. Exhibit™ sees a blank canvas.

Exhibit™ Wall Rail Solution, Platinum Metallic Wall Rails and Slat Walls, Dune Kamelos Tack Board Inserts • WaveWorks® Casegoods, Truffle Finish and Designer White Laminate (Excluding seating)

Exhibit™ Every building has walls and sometimes knowing what to do with them may be a tough decision. Say hello to Exhibit™. It removes barriers and transforms the walls into purposeful design elements offering a variety of solutions for all workplace, collaborative and social environments. Exhibit's efficient use of wall space and various inserts, such as slat walls and work tools, marker boards and tack boards, serve as an organizational coach, brainstormer or an impromptu art gallery. Exhibit lets the walls do the "heavy lifting" creating a lighter, airier aesthetic while providing easy access to electrical and data. Exhibit's wall rail solution supports WaveWorks® and Epic™ worksurfaces and overhead cabinets, which can be positioned anywhere along the rail. The rail, along with tackable and marker board inserts, can be field scribed for a custom fit without the custom price. Exhibit's applications are endless and seamlessly compatible with our WaveWorks and Epic series or complements existing freestanding products.

Details and Options

Wall Rail

- Installs onto wall and can be used to hang WaveWorks® or Epic™ overhead storage cabinets and worksurfaces

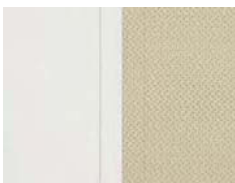

Wall Rail with Faceplate

- Inserts must be used with faceplate
- Faceplate snaps onto wall rail to securely hold inserts in place
- Conceals splices and fasteners for a clean aesthetic

Wall Rail with Faceplate and Full End Trim

- For use when the end of a run will be exposed; connects upper and lower wall rails and provides a finished aesthetic

Trim Channels

- Provides a clean aesthetic, acts as an expansion joint, and allows attachment for vertical cable manager
- Two trim channels come standard with each insert

Vertical Cable Manager

- Routes and disguises task light cords
- Attaches to trim channel

Field Scribing

- Wall rails, tack boards and HPL marker board inserts can be field scribed to work within the building's architecture providing a custom fit

Overhead Cabinet Mounting

- Specify Exhibit™ mount overhead storage cabinets to hang onto upper wall rails
- Overhead cabinets can be mounted along the wall rail where needed

Worksurface Mounting

- Mount WaveWorks® or Epic™ surfaces anywhere along lower wall rail with worksurface brackets
- Undersurface storage can be added for additional storage and support

Exhibit™ Wall Rail Solution, Platinum Metallic Wall Rails and Slat Wall, Pact Coastal Tack Board Inserts. Epic™ Casegoods, Honey and Tawny Legacy Laminates, Echo Limestone Cushion (Excluding seating)

Enhancing spaces by evolving the way you look at walls.

CHAIR FUNCTIONS

Pneumatic Seat Height
Adjusts "up and down" seat height relative to the floor.

Knee-Tilt Control
Allows user to fully recline while keeping feet comfortably on the floor. "Pivot point is placed near the front of the seat."

Back Depth Adjustment
Allows user to "adjust back in and out" for additional seat depth.

360-Degree Swivel
Allows seat "rotation" in a full circle.

Synchronous Control
Automatically "adjusts seat and back angle while maintaining a 2:1 recline ratio", providing optimum back support and minimal seat rise.

Lumbar Adjustment
Allows user to "custom fit chair by adjusting lumbar" for optimum support and comfort.

Swivel/Tilt Control
Places the "pivot point directly above the base center" and allows the user to lean back in a seated position.

Articulating Seat & Back
"Adjusts seat & back angle independently" with a single lever.

Forward Seat Tilt
Allows user to "tilt seat forward" for optimum comfort while doing intensive forward-oriented tasks.

Tilt Lock
"Locks seat and back" in an upright position.

Adjustable Seat & Back
Allows user to "adjust and lock seat and back angle" of chair independently of each other.

Sliding Seat
Allows seat to move "forward and back" or to be locked in a desired position.

Tilt-Tension
Allows user to adjust "resistance" with which chair reclines or tilts.

Back Height Adjustment
Allows user to "adjust back up and down" for proper positioning of lumbar.

Height-Adjustable Arms
Allows user to "adjust arms up and down" within a set range to accommodate a variety of tasks.

Back Lock
Allows user to select and "lock a particular back angle."

High Performance Control
Includes "swivel/tilt with tension control, independently adjustable seat and back angle with infinite lock (any position) and forward pitch control."

Height/Width Adj. Arms
Allows user to "adjust arms up and down, or in and out" within a set range to accommodate a variety of tasks.

Mid-Pivot Control
Allows user to recline at a more natural angle than the traditional tilt control. "Pivot point of chair is positioned slightly forward" toward the front of the seat.

= Chair may be shipped by a small package carrier.
